I understand that I may enter up to 5 images. However, if the entries from members of the club exceed the limit for the competition, then I may only have 3 or 4 entries in the competition. I have put my entries in my rank order such that if I lose one entry it will be the one listed fifth and if I lose two it will be the ones listed fourth and fifth.

My images are sized to a maximum of 1400 pixels wide by 1050 pixels high. They are JPEG files with sRGB colour profile embedded. The names of the files match the names for the images given on this form. I understand that if an image does not meet these requirements then it may not be used in the competition
